

Animal Spirits Episode 20: Goodnight Moon

On this week's Animal Spirits with Michael & Ben we discuss:

- Why the flash correction was so rare.
- The growing chasm between the haves and the have-nots.
- The huge following of Dave Ramsey.
- Why rising interest rates are a double-edged sword.
- Why crypto index funds don't make sense.
- The potential move into financial services by Amazon.
- The problem with trading on hedge fund manager headlines.
- Wealthfront's new risk parity strategy.
- How to hit the reset button on your career.
- Our favorite children's books to read to our kids & much more.
