

Animal Spirits Episode 29: The Podcast Boot Camp

On this week's Animal Spirits with Michael & Ben we discuss:

- Are ETFs causing a market bubble?
- How the millionaire secretary became a multi-millionaire (and it wasn't through stock picks).
- The pros & cons of the lack of visibility in private investment market values.
- The massive business that is airline credit cards.
- Worldly wisdom from Jim O'Shaughnessy and Jason Zweig.
- Why uncertainty is like gravity.
- The myth of corporate short-termism.
- Can a hedge fund boot camp really make you a better fund manager?
- Argentina's 100-year bonds.
- What's the biggest mistake you can make as a young investor?
- Is it a myth that people outlive their retirement savings?
- The most important thing you can do as a blogger and much more.
